

Training Course Agenda

PDA EU00009 An Introduction to Visual Inspection: A hands-on course

Day 1, Thursday, 11 April 2024		
9:00	Welcome and Introduction of Trainers and Participants	
9:05	Introduction <ul style="list-style-type: none"> • Why do We Inspect • Patient Safety • Regulatory Requirements • Compendial Requirements 	John G. Shabushnig, <i>Insight Pharma Consulting, LLC</i>
10:30	<i>Coffee Break</i>	
11:00	Inspection Methods and Technologies <ul style="list-style-type: none"> • Critical Parameters (lighting, time, contrast, and motion) • Manual Visual Inspection (MVI) • Semi-Automated Visual Inspection (SAVI) • Automated Visual Inspection (AVI) 	John G. Shabushnig, <i>Insight Pharma Consulting, LLC</i>
12:30	<i>Lunch Break</i>	
13:30	Particle Identification	Markus Lankers, <i>MIBIC</i>
14:30	Laboratory Exercise: Manual Visual Inspection <ul style="list-style-type: none"> • Light Measurement • Assessment of the effect of changing critical Variables <ul style="list-style-type: none"> ○ Time (10 sec vs. 20 sec) ○ Lighting (2,500 lux vs. 1,250 lux) ○ Motion/Agitation (with vs. without) 	Markus Lankers, <i>MIBIC</i>
15:30	<i>Coffee Break</i>	
16:00	Continue Laboratory	John G. Shabushnig, <i>Insight Pharma Consulting, LLC</i> Markus Lankers, <i>MIBIC</i>
17:30	Wrap-up Discussion / Q&A	
18:00	<i>End of Day 1 & Networking Reception</i>	
Day 2, Friday, 12 April 2024		

9:00	Inspection Data Review <ul style="list-style-type: none"> From the previous day's laboratory exercise 	John G. Shabushnig, <i>Insight Pharma Consulting, LLC</i>
10:00	Defect Classification Strategies <ul style="list-style-type: none"> Risk classification definitions Critical, Major, and Minor defects 	Markus Lankers, <i>MIBIC</i>
10:30	Coffee Break	
11:00	Acceptance Sampling <ul style="list-style-type: none"> Sampling Plan Variables <ul style="list-style-type: none"> Sample Size AQL and UQL Common Standards <ul style="list-style-type: none"> ANSI/ASQ Z1.4 ISO 2859 	John G. Shabushnig, <i>Insight Pharma Consulting, LLC</i>
12:00	Inspector Selection and Qualification <ul style="list-style-type: none"> Vision Screening Initial Training Initial Qualification Requalification 	Markus Lankers, <i>MIBIC</i>
12:30	Lunch Break	
13:30	Inspection Strategies <ul style="list-style-type: none"> Reinspection 2-Stage Inspection Focused inspection Empty Vial Inspection 	Markus Lankers, <i>MIBIC</i>
14:00	Inspection Validation <ul style="list-style-type: none"> Inspection Performance Assessment <ul style="list-style-type: none"> Knapp Method Acceptance Criteria 	John G. Shabushnig, <i>Insight Pharma Consulting, LLC</i>
14:30	Coffee Break	
15:00	Mythbusting <ul style="list-style-type: none"> Common misperceptions in visual inspection 	John G. Shabushnig, <i>Insight Pharma Consulting, LLC</i>
15:30	Wrap-up Discussion / Q&A <i>QR Code Evaluation of the training course – 5 minutes</i>	
16:30	End of Training Course
