

Cleaning Process and Cleaning Validation: Relevant Aspects in the Pharmaceutical Manufacturing Applications

September 29-30, 2022
Riese Pio X (TV)
Steelco Facility

PDA Italy Chapter is pleased to announce “Cleaning and Validation: relevant aspects in the pharmaceutical manufacturing applications” in association with Steelco S.p.A., Pharma division on day 29_30 of September 2022. Two days fully dedicated to latest developments in relation to cleaning validation with a deep focus on impact of new regulations, automated systems and best practices learnt by real cases.

Present on the day will be representatives from the pharmaceutical industry and experts in the latest cleaning validation advances for pharmaceutical production. Case studies will be presented with practical information on risk and science-based approaches that showcase effective implementation of cleaning processes.

The agenda will also include a guided tour at Steelco's facilities and latest generation in regard to sterilization and washing equipment. The event will also feature case studies & industry speakers from Eli Lilly and GSK. Finally, attendees will have the opportunity to share their experiences and challenges with experts in cleaning and validation.
