CALL FOR ABSTRACTS/CASE STUDIES

#PDAANNUAL

The Program Planning Committee encourages you to submit an abstract for an oral or poster presentation at the 2019 PDA Annual Meeting. Case studies are particularly desired. Abstracts must be non-commercial, describe industry developments, strategies or practical implementation, and contribute to the current body of knowledge for biopharmaceutical manufacturing, quality management, and technology. Abstracts related to novel manufacturing and analytical technologies are preferable, but those addressing other bioprocessing topics are welcome.

Suggested topics include, but are not limited to:

- Manufacturing: Human error prevention
- Process Capability Improvements
- Process Monitoring Plans
- Process Validation/Lifecycle Approach
- Managing Supply Chain Complexity
- Shipping Validation
- Technology and Knowledge Transfer
- Microbial Control Program
- Control Strategy Design
- Quality by Design Application
- Process Analytical Technology
- Single-Use Bioprocess Technology and Validation
- Cell Line Development
- Cell Culture Systems and Expression Rates
- Continuous Bioprocessing
- Cell and Gene Therapy Processing
- High Throughput Analytical Methodology and Automation
- Antisense Oligonucleotide Therapies
- Quality Metrics
- Drug Shortages and Regulatory Submissions
- Supply Chain Security (Serialization, Global Market Management, Blockchain Technologies Counterfeit)
- ICH Q12
- Post-Approval Change Management and Comparability
- Breakthrough Therapies
- Combination Products
- Managing Data Integrity Risks
- Novel Administration Approaches
- Brexit or Global Market Management
- Aging Facilities
- Challenges in Manufacturing
- Single Use Systems Technology
- Emerging Methods for Adventitious Agents Detection and Clearance
- Viral and Microbial Contamination in Biopharmaceutical Manufacturing: Risk Mitigation, Preparedness, and Response
- Pharmaceutical Package Integrity Testing: Industry Challenges, Technology, and Advancement
- Bioprocess Upstream and Downstream Technology
- Continuous Manufacturing
- Flexible Processes and Facilities
- Biopharmaceutical Fill-Finish
- Automation

ATTENTION: YOUNG PROFESSIONALS AND STUDENTS

The Program Planning Committee encourages young professionals and students to submit an abstract for podium or poster presentation at the 2019 PDA Annual Meeting. Abstracts must be non-commercial; describe developments, strategies or work; and significantly contribute to the body of knowledge relating to pharmaceutical manufacturing, process knowledge, quality management, and technology. Abstracts related to sterile product manufacturing, cellular and gene therapy, or production of biopharmaceuticals are preferred, but those addressing other technologies are welcome. All abstracts will be reviewed by the Program Planning Committee for consideration.

ABSTRACTS MUST BE RECEIVED BY SEPTEMBER 17, 2018 FOR CONSIDERATION. To submit your abstract, please visit pda.org/2019Annual.

Submitting an abstract confirms that an individual has received their company's required approval to present if selected. Submitters will be advised in writing of the status of their abstract by **October 19, 2018**. To confirm participation and be listed in the online agenda and final program, poster presenters are required to register as a **paid full conference** attendee. **Companies with multiple accepted posters are required to register a different individual for each display at the paid full conference rate. (Only one presentation per individual will be accepted)**

ATTENTION EXHIBITORS: Registrations included with exhibitor packages are not eligible to present a poster. Exhibitors are required to register as a **paid full conference** attendee to present a poster.

Each abstract must include the following information to be considered:
