

2023 PDA Pharmaceutical Microbiology Conference

02-04 OCTOBER 2023 | WASHINGTON, DC | #PDAmicro

pda.org/2023micro

Call for Abstracts/Case Studies

The Program Planning Committee encourages you to submit an abstract for a podium or poster presentation at the **2023 PDA Pharmaceutical Microbiology Conference**. Case studies are particularly desired.

We are seeking abstracts on a wide variety of topics, including but not limited to:

- **Animal Health**
- **Annex 1**
(e.g., implementation strategies)
- **Cleanrooms**
(e.g., qualification, upgrades)
- **Contamination Control Strategies**
(e.g., implementation)
- **Deviation Investigations and Reporting**
- **Disinfection**
- **Endotoxins**
(e.g., MAT, pyrogen testing)
- **Environmental Monitoring**
(e.g., trending and specification setting, incubation conditions)
- **Microbiological Considerations for ATMPs**
- **Mold and Microbial Contamination and Remediation**
- **Rapid Microbiological Methods**
- **Regulatory Inspection and Enforcement Trends**
- **Sterile Process Validation and Aseptic Manufacturing**
- **Training**

Abstracts must be received by 31 March 2023 for consideration.

Visit pda.org/2023microCFA to submit an abstract

Timeline

- **09 JANUARY**
Abstract submission site open
- **31 MARCH**
Last day to submit abstracts, submission site closes at 11:59 p.m. EDT
- **01 APRIL-04 MAY**
Committee abstract review
- **12 MAY**
Submitters to be notified of the abstract submission status

Each abstract must include the following information to be considered:

- Abstract Title (Max 25 words)
- Abstract Overview (Max 200 words)
- Learning Objectives (Max 100 words)
