Call for Abstracts/Case Studies

PDA’s Annual Meeting is the premier industry event to showcase innovative ideas, cutting-edge technologies, and real-world best practices. We invite future-focused abstracts that feature new and emerging trends. We are particularly interested in case studies that highlight successful strategies and practical solutions to real-world problems. We encourage you to submit abstracts that allow attendees to walk away with a unique perspective and actionable information.

Topics we are looking for:

- **ATMPs (Advanced Therapy Medicinal Products)/Biopharmaceuticals**
  - Advanced Manufacturing
  - Combination Products
  - Vaccines
- **RAQ (Regulatory Affairs and Quality)**
  - Data Integrity
  - GXP Auditing and Inspections
  - Management and Outsourced Operations
  - Pharmacopeial
  - Quality Risk Management
  - Quality Systems
  - Regulatory Affairs
  - Supply Chain Management
  - Technology Transfer
- **Science**
  - Annex 1 Implementation
  - Applied Statistics
  - Facilities and Engineering
  - Filtration
  - Lyophilization
  - Microbiology/Environmental Monitoring
  - Packaging Science
  - Pharmaceutical Water Systems
  - Pre-Filled Syringe
  - Process Validation
  - Sterile Processing/Parenteral Drug Manufacturing
  - Visual Inspection of Parenterals

Types of Submissions

**PODIUM**
- 20-minute oral presentation, to be made part of a larger session by the Program Planning Committee
- One presenter per podium talk

**POSTERS**
- Printed poster to be displayed in the exhibit hall
- One presenter per poster

**NEW! LIGHTNING TALKS – Great for first-time presenters!**
- These talks will be given in the Pecha Kucha style, presentation form of 20 slides for 20 seconds. The slides change automatically, and the speaker must synchronize their speech with the images. The entire presentation lasts for exactly 6 minutes and 40 seconds.

General Information

Abstract submitters may submit up to two entries for consideration.

All presentations must be free of commercial intent. Incomplete proposals will not be considered.
