

Tuesday, 19 March 2019

9:00 Welcome and Introduction

Keynote The Evolution of Parenteral Drug Substance and Drug Product Primary Containers **Eli Lilly****Session 1: Packaging & Cold Storage Considerations**

Simulation of Frozen Container Closure Systems Hoffmann - La Roche

Case Study: Ensuring Container Closure Integrity at Deep Cold Storage LIGHTHOUSE

Coffee Break, Poster Session & Exhibition

Storage of Cell Therapy Products at Cryogenic Temperature WEST

Drug Substance at Cryo- and Cold Temperatures Eli Lilly

Lunch Break, Poster Session & Exhibition

PARALLEL TRACKS

Session 2:**TRACK A****TRACK B****Packaging Materials: Glass****Modernizing the Manufacturing Process****Delamination in Glass Containers for Pharmaceutical Application**

University of Padova

Identification and Quantification: Multi-Sensor Drone Technology

Janssen Cilag

Mitigation of Visual Particulate

Ompi - Stevanato Group

Vial Capping Using Micro-Computed Tomography

Genentech

Coffee Break, Poster Session & Exhibition

Reduction in Particulates

Corning

Digital Robot Pharma Process Lines

OneOneEleven

Comparative Leachable Study for Glass Vials

SCHOTT

Modelling in the Study of Cartridge Failure

University of Padova

Q&A, Discussion**Q&A, Discussion**

End of Day 1 and Networking Event

Draft Agenda subject to change, all speakers pending confirmation

Wednesday, 20 March 2019**Keynote: Getting Ready for Annex1 and USP 800****LONZA****Session 3 Regulatory Updates****USP Chapter Changes on Glass and Rubber**

Datwyler

ISO Standard Series ISO 11040

HK Packaging

USP <1207> and CCIT Regulations

Bonfiglioli

Coffee Break, Poster Session & Exhibition**PARALLEL TRACKS****Session 4:****TRACK A****TRACK B****Packaging Material: Polymers****Sterilization****A Quality by Design (QbD) Approach in
Manufacturing of Elastomeric Components**

Datwyler

**Validation of VH₂O₂ Sterilization Process
per ISO14937**

STERIS

**Interactions of Leachables
with Proteins**

Nelson Labs

**Alternative Sterilization Techniques for
Elastomeric Components**

Datwyler

Q&A, Discussion**Q&A, Discussion****Lunch Break, Poster Session & Exhibition****CLOSING PLENARY****Session 5 Primary Packaging & Development Considerations****Balancing Container Closure Integrity and Aesthetics for
Robust Primary Packaging**

Bristol-Myers Squibb

**Considering Primary Container Systems as an
Excipient During Formulation Development**

WEST

Coffee Break, Poster Session & Exhibition**Combination Product Design Space Driven by
Drug-Container Interaction Screening**

Novartis

Q&A, Discussion**End of Conference & Farewell***Draft Agenda subject to change, all speakers pending confirmation*
