

	<h1>Training Course Agenda</h1>
	PDA 374.1 Technical Report No. 22: Process Simulation for Aseptically Filled Products

DAY 1	
15 min	Part 1 Welcome and Introduction Objectives Questions Overview
90 min	Part 2 Assurance of Sterility Through Critical Thinking Process Validation
15 min	Break
60 min	Part 3 Designing the Aseptic Process Simulation
DAY 2	
75 min	Part 4 Reaching Conclusions Investigations Remediation
15 min	Break
90 min	Part 5 Practical Examples Failure Analysis Questions Re-Visited
